(2) "Compensation", for the purposes of [IC 5-10.3-12-23](#) and this plan, means all compensation that is included as gross income as reported on the member's W-2 for covered service by a covered employer, plus the amounts stated in [IC 5-10.2-4-3](#) that are not paid directly to the member.

- (3) INPRS may make a provisional determination and invite the applicant to provide further records or evidence for review by INPRS before the initial determination is made. The INPRS board or its duly authorized representative will make an initial determination within sixty (60) days from the date the complete application is received by the 1977 Fund unless there is a delay attributable to the fund member or the appointing authority. The initial determination by the INPRS board for members who were hired for the first time after December 31, 1989, or who had elected coverage under [IC 36-8-8-12.5](#) and [IC 36-8-8-13.5](#), shall include a determination of class of impairment and degree of impairment. In making this determination, the 1977 Fund shall treat a member as first hired using the member's first date of employment with the local unit where the member is currently employed. However, in the case of a fund member who directly transferred from covered employment with one (1) local unit to covered employment with another local unit, the fund member's date of employment with the first local unit shall be used. If the application is not accepted, the 1977 Fund shall do the following:
- (A) The 1977 Fund will not consider the sixty (60) day period to begin until a completed file is accepted.
 - (B) The initial determination will be mailed, by certified mail return receipt requested, to the member, the local board, and the appointing authority. An appeal of the initial determination must be filed within fifteen (15) days after receiving written notice of the initial determination pursuant to [IC 4-21.5](#).
 - (C) If the INPRS board or its duly authorized representative does not make an initial determination within sixty (60) days and if the delay is not attributable to the fund member or the appointing authority, the local board's determination, or the fund member's statement in the case of an appeal of a local board determination, shall constitute the INPRS board's initial determination. A letter confirming this initial determination shall be sent by the 1977 Fund to the local board, the fund member, and the appointing authority.
 - (D) The letter communicating the INPRS board's initial determination shall inform the parties of the time limit on filing objections and shall clearly state that, if no objections are filed, the initial determination shall automatically become the state board's final order.
- (4) If no objection to the INPRS board's initial determination is filed with the 1977 Fund within fifteen (15) days after the date of the INPRS board's initial determination letter, the INPRS board's initial determination shall become the INPRS board's final order.
- (5) If a timely objection to the INPRS board's initial determination is filed, the 1977 Fund shall follow an internal hearing procedure. The 1977 Fund shall notify the member if the appeal is not timely. Such notice will indicate that the initial determination automatically became the INPRS board's final order.
- (6) After receiving a timely objection to the initial determination, the 1977 Fund shall designate a hearing officer to review the case. The hearing officer must make a recommendation to the 1977 Fund with regard to a final decision within sixty (60) days after the hearing. The hearing will be recorded and a transcript prepared.
- (7) Based upon the complete record and the recommendation from the hearing officer, the INPRS board shall issue a final order. The INPRS board may accept, but shall not be required to accept, the hearing officer's recommendation as its final order. The final order will be communicated in a letter, sent certified mail return receipt requested, to the fund member, the local board, and the appointing authority. In addition, the INPRS

board may do the following:

- (A) The INPRS board may request or accept additional information before issuing a final determination.
- (B) The INPRS board shall issue a final order within one hundred eighty (180) days from the date the complete application is received by the 1977 Fund unless there is a delay attributable to the fund member or the appointing authority. If an order is not issued within one hundred eighty (180) days and if the delay is not attributable to the fund member or the appointing authority, the initial determination statements shall constitute the INPRS board's final order.

(b) The review of a fund member's impairment may be initiated by the 1977 Fund, the fund member, the safety board, or the local board. The review shall follow the procedure for disability applications. The cost of any medical examination required by the local board shall be paid by the party who petitioned for review.

(c) Requirements for recovered disabilitants shall be as follows:

- (1) If there is a final determination that a disabilitant has recovered as result of a review described in **section subsection (b)**, the 1977 Fund shall solicit a certification from the local authorities with regard to the existence of suitable and available work on the police or fire department.
- (2) Benefits will be terminated if suitable and available work on the police or fire department has been offered to the member. Benefits shall terminate in such a case regardless of the member's decision to accept or reject the employment offer from the police or fire department.
- (3) In the event that a recovered member returns to 1977 Fund covered duties by the employing unit as a result of being released to such reinstatement of duties by the member's treating physician, the employing unit shall notify INPRS in writing of such reinstatement and disability benefits shall stop beginning the first of the month following the date of such reinstatement. Any benefits paid to the member after the first of the month following reinstatement must be repaid to the 1977 Fund.
- (4) A recovered member returning to the same department will not be treated as a new applicant and will not be subjected to the application process for new members in the fund.
- (5) In the event a member recovers from a covered impairment, returns to active service with the police or fire department, and becomes unable to perform all suitable and available work on the police or fire department within two (2) years of returning to active duty due to a covered impairment that is based on the same condition or conditions for which disability benefits were previously paid to the member, the member shall be entitled to receive monthly disability benefits equal to the amount of the monthly disability benefits that were paid to the member at the time of the member's return to active service plus any applicable cost of living adjustments.

(4) If a member dies before required distribution of the member's benefits has begun, the member's entire interest must be either:

- (A) distributed (in accordance with federal regulations) over the life or life expectancy of the designated beneficiary, with the distributions beginning no later than December 31 of the calendar year following the calendar year of the member's death; or

Sec. 4. (a) For purposes of accepting a rollover for the reason of purchasing service under [IC 5-10.2-3-1.2](#)(c)(4) or to be deposited into a rollover account described in [IC 5-10.2-3-10](#), a member who is otherwise qualified to purchase service credit or rollover money into a rollover account ~~must do so while the member is in active service.~~ **may do so at any time.**

(b) A retiring member, who was under contract or in an employment relationship to earn one (1) year of service credit during the year in which the application to purchase service credit is made, who makes application for the purchase of service credit contemporaneously with the member's application for retirement not more than thirty (30) days following the cessation of covered service is deemed to have met the active service requirement. The funds need not have been received by INPRS within the thirty (30) day time period to meet the requirements of this rule. For example, Kelly ended service as a teacher on May 15. On May 20, Kelly attends a TRF retirement counseling session and learns that she can apply for a trustee to trustee rollover to purchase additional service credit from her 403(b) account sponsored by her school corporation. Kelly may complete the rollover to purchase additional service so long as the application for the rollover is done within thirty (30) days of May 15 and at the same time she files for retirement.

(c) A retiring member who was in a covered employment position who makes application to rollover funds into a rollover account not more than thirty (30) days following covered service and contemporaneously with the member's application for retirement is deemed to have met the active service requirement. The funds need not have been received by INPRS within the thirty (30) day time period to meet the requirements of this rule. For example: Floyd is a PERF covered snow plow driver for a municipality who ends employment on January 1. Floyd may apply to roll his 457 deferred compensation account into a PERF rollover account so long as he applies to do this within thirty (30) days of employment termination and he makes his rollover account retirement option selections on his retirement application.

(d) A member who makes application for retirement, is no longer in a PERF or TRF covered position but did not separate from employment with the member's employer formerly sponsoring the TRF or PERF participation, who makes application to rollover funds into a rollover account not more than thirty (30) days following cessation of such employment and contemporaneously with the member's application for retirement is deemed to have met the active service requirement. The funds need not have been received by PERF within the thirty (30) day time period to meet the requirements of this rule. Sally worked for a state university in a PERF covered position for fifteen (15) years. Sally was promoted into a non-PERF covered position, continued to work for the university for another ten (10) years, and contributed to a 403(b) plan. Sally, now sixty five (65) years of age, terminates her employment with the university on August 1. Sally may rollover her 403(b) funds into a PERF rollover account so long as she applies to do this within thirty (30) days of employment termination and she makes her rollover account retirement option selections at the time she files for retirement.
